DUTY OF CARE

your duty in law

It is everyone's responsibility to ensure that waste generated is handled safely and in accordance with the law. Businesses are responsible for ensuring the safe and proper disposal or recovery of their waste, even after they have passed it on to another party. Full details of Duty of Care and other waste regulations can be found at

www.netregs.gov.uk

AT YOUR SERVICE

a regional team

There are staff based in each of the Region's counties to assist you and your organisation to make the very most of the Exchange. It's a real opportunity to examine the way in which you source and dispose of material, to reduce waste and keep useful materials in circulation.

A **FREE** SERVICE TO KEEP
USEFUL MATERIALS IN
CIRCULATION

EASTEX

a free service

A materials exchange actively exploits the principle that one organisation's waste is another's raw material. By automatically matching these parties via the internet, unwanted materials can be passed on or sourced efficiently - either once or as an ongoing arrangement.

AN OPPORTUNITY

the benefits

Find free or cheaper sources of raw materials or equipment from anywhere in the region

Reduce expenditure on waste disposal

Improve your environmental and social performance

Landfill tax is set to increase by £3/tonne each year from £21/tonne to reach a long-term rate of £35/tonne. The Government is committed to making these increases revenue-neutral to business by funding initiatives which promote resource efficiency through the Business Resource Efficiency and Waste (BREW) Programme.

Eastex is funded by BREW through the East of England Development Agency (EEDA).

Funding has also been provided by The East of England Regional Assembly (EERA), The Environment Agency, The County Councils and local authorities of Bedfordshire, Cambridgeshire, Essex, Hertfordshire, Norfolk and Suffolk, Peterborough City Council, May Gurney and Mott MacDonald.
